

*What others are saying about **Psalms Alive!***

Psalms Alive! is a great springboard for discussion in our covenant group. David presents the Scripture, shows how it applies to his life, and then leaves you with some questions to challenge you—and in my case my brothers—to further dig into the Word he has presented. This book will be a great resource to help us further in our walk and lead us into engaging discussions as well. Thanks David!

Andrew Nicholls, Men's Bible Study Leader, Ottawa, ON

David writes not as if using pen and ink, but as if he was actually in the room with the reader having a fireside chat over a cup of coffee (or tea if you prefer). The practical applications and the questions to ponder at the end of each study give the reader a time to reflect on what he has read and a time to “be still” for a few moments to listen for the voice of God to speak and minister to his heart. As David put it so well in the Epilogue of this book, “I meet with God in the Psalms,” I too met with God as I read the various Psalms in *Psalms Alive!* and it was a meeting well worth my time.

**Garry Cline, Praise & Worship Leader,
N. Manchester Missionary Church, N. Manchester, IN**

No matter how many times you've read the Psalms, David Kitz's dramatic rendering is sure to bring new revelation and insight. You'll smile at the mirth around the family table, stand in awe under a canopy of stars, then weep at a tsunami's destructive power, and through it all see the wonder and working of God. It is my fervent hope that everyone reads this book!

**Keith Clemons
Award winning author of Angel in the Alley**

Psalms Alive! is Canadian! Yes, what a delight to have a meditational study that is biblically sound and makes you cry and belly laugh at the same time. Author David Kitz has done it again and has brought the truth of the Psalms to life.

Rev. Karen Middleton, Tent of David, Rockland, ON

As a person living with hereditary vision impairment, I am highly auditory. David Kitz has such a way of dramatizing the Psalms in word and vocal inflection that I find myself immediately drawn into and captivated by the scene before me. My imagination and emotions are actively participating in every situation. Whether through recorded media, live performance, or personal interaction, the life of Christ radiates through David.

Rose Misner, co-pastor, Amazing Love Fellowship, Saint John, NB

The Psalms are like the waves of the sea. They express the high ups and low downs of human emotions, from upmost praise and joy to depths of fear, anger, and sadness. Although the waters rage and strong winds blow, David Kitz captains his readers through both still and stormy seas with skill, insight, and wit. *Psalms Alive!* is as instructive as it is delightful to read.

Dr. Barry Buzza, president, Foursquare Gospel Church of Canada

As I read *Psalms Alive!* something remarkable happened. The Psalms literally began to come alive to me. It is as if the writings with the insights then become interactive as we relate to biblical David and his particular reason for writing each Psalm. We are able to sense and experience what he must have been thinking as he penned these words, which then became part of the Holy Scriptures.

Doug Sprunt, Salem Storehouse, Ottawa, ON

As a pastor I'm always looking for helpful, usable, and understandable resources to assist me with the task of sharing God's Word with His people. David Kitz has provided just such a resource in *Psalms Alive!* By weaving personal experience, current events, and down to earth illustrations into his reflections on each Psalm, David helps lead the reader into a deeper understanding of the Psalms and their relevance to daily life. This is a very creative, practical, and useful tool for any study or discussion of the Psalms.

Rev. Daryl Solie

Pastor, Prince of Peace Lutheran Church, Regina, SK

What gives a book credence? The credibility of its author. So as a friend and weekly companion in a men's group, let me comment briefly on David Kitz, the man.

He is the real deal. He loves life. He cares about people. He's tender but courageous. He takes on big challenges. Having faced his share of hardships, he keeps bouncing back by fixing his gaze upward. Most of all, he loves God passionately. In fact, he reminds me of the other David he loves to study and write about—King David! So for all these reasons, I recommend you read this book.
